### **St. Theresa Parish Support Group**

- The people of Sydney, Canada, are warm, kind, and deeply connected to their community and the environment.
- However, international students face challenges finding jobs, affordable and safe housing, and reliable transportation.
- The community can create a network of contacts to provide referrals and organise job fairs to connect students with potential employers in the Cape Breton Regional Municipality.
- A list of verified landlords and rental properties can be created to prevent students from falling victim to housing scams with an unforeseen agent.
- Carpooling or shuttle services can be organised for Sunday church services and other community events. Giving a lift after Mass to whoever is heading in the right direction.
- Volunteer programmes can be created to support the elderly with tasks such as grocery shopping, clearing snow from the walkways of residents during this winter, season shopping, and general logistics.
- Resources can be provided for the elderly to connect with others and avoid isolation.
- Let us work together as a community to address these challenges and support one another.
